giveaway

Thursday, Feb 21, 2013
District Meeting –Mike Gray/
Linda Fischer-Stine
6:30 Melting Pot-Fondue Party

Featured is two-year-old Bella with her sisters Jade (in the yellow) and Lilly. Jade stated when her mom talked about Bella “ that she is awesome”!

Bella has the “Biker Babes” to thank for her new AMTRYKE. This is the fourth year that the group has made a donation to purchase a tryke for a child. Mary Waite and SusieScott present the bike to Bella and her family.

SPEAKER-Karl Colon Executive Director of the Greene County Public Library presented on the Dolly Parton Imagination Library Project.

This project address the need for literacy for younger children for \$25 a year a child between the ages of 0-5 will receive a book each month. For more information www.greenelibrary.info

Gavin attends the meeting with his mom Sara, who emphasized how the AMTRYKE assisted her son with therapies and the opportunity to play with his siblings. She and her husband built this tryke for Gavin. He is currently on his third AMTRYKE.

From the beginning, the doctors said Gavin would not sit on his own, crawl, or walk. Through many years of therapy and hard work, he has beaten the odds. Part of that process included the very first tryke he received.

There are so many things that Gavin can't participate in, either by disability or by his choice. This tryke gives him not only the ability, but confidence and excitement to go out and play with other typical kids.

The tryke lets our family see Gavin as a "normal" kid who wants to join his brother, sister, & friends. It helps us to focus on the things he can do and not the things he can't.

From the bottom of our hearts!

Thank You!

Gavin Adams and Family

Gussie Jones reported on Owen's Place that the first phase project is completed.

There will be a Ribbon Cutting in mid May.

Donations may be made to:
